## DESCRIPTION

The Webster, Massachusetts cultivation facility is comprised of two contiguous spaces. The building, built in 1973, had been sitting vacant and was previously operated by a recycling company. Cannabis operations improvements were made to initially to 50,000 square feet of the building starting in the Fall of 2016 and, in June 2017. Improvements to the remaining 50,000 square feet of the building were completed during the fourth quarter of 2020.
